

## SUPERIOR STRENGTH WITH MAXIMUM WIND PROTECTION FOR YOUR ROOF

Anchor-Tite® HG Fascia combines custom engineering and superior performance with an attractive appearance. The patented design of our extruded aluminum anchor bar securely terminates the membrane, providing protection superior to any other manufactured or shop-fabricated roof edge. In addition, Anchor-Tite HG Fascia's unique design allows for a heavier gauge cover.

With its industry leading wind warranty and proven testing to comply with International Building Code, this top-line fascia provides the maximum protection against wind uplift damage that is available in today's roofing market.

Fully Adhered or  
Mechanically Attached  
Single-Ply Version

### ANCHOR-TITE HG FASCIA AT-A-GLANCE
